Perundurai, Erode | 9500653798 | [Gmail](#) | [LinkedIn](#) | [Github](#)

Career Objective

Looking forward to an opportunity to work in a dynamic and challenging environment, where I can utilize my skills for developing my career and for the growth of the organization.

Technical Skills & Abilities

- Programming Languages: C, Java
- Frontend: HTML, CSS, Reactjs
- Backend: MySQL
- Tools: UiPath, Figma, Selenium, WordPress

Internship Experience

MAXPRO INFOTECH || FRONT END DEVELOPER || CHENNAI || Dec 2024 – Apr 2025

Next-Gen Doctor-Patient Interface

- To streamline healthcare interactions and communication between doctors and patients through a unified digital platform.
- To enhance the quality of patient care by integrating tools for scheduling, health monitoring, meal planning, and AI-driven medical support.

Tech Stack: HTML, CSS, PHP, MY SQL

Key Achievements:

- II Prize in the Ideathon competition for the project "Digital Noticeboard" at Kongu Engineering College.
- III Prize in PSG Institute Technology of the year 2021- 2022 "Techno event".

Area of Interest

- Web Development
- UI/UX Designing

Portfolio

Projects

Hybrid Neural Network for Enhanced Spam Detection — Deep Learning

- Deep learning model designed using a hybrid RNN-DNN architecture to accurately detect SMS spam messages, ensuring improved communication security and early threat identification.

- **Tech Stack:** RNN | DNN | HNN

Knit Stitch — Web Technology

- A consultancy-based web platform developed for stock management in a stitching unit, enabling users to browse and purchase custom designs and materials efficiently.
- **Tech Stack:** HTML | CSS | JS

Vehicle Service Management — Web Technology

- A comprehensive system built for Kongu Engineering College to manage and maintain college bus services efficiently, including service schedules, maintenance tracking, and vehicle logs.
- **Tech Stack:** MongoDB | Express.js | React.js | e-js

Portfolio — Web Technology

- I'm Vignesh, a passionate developer who loves building user-friendly and impactful applications. I enjoy exploring diverse projects and continuously learning to grow in the tech world.
- **Tech Stack:** HTML | CSS | SCSS | JS

Certifications & Courses

- Robotic Process Automation – UiPath Academy.
- Automation testing with Selenium.
- Master Web design in Figma.

Education

- MSc Software Systems | 7.47% | Kongu Engineering College | 2020-2025
- Higher Secondary | 59% | Bharathi Matric Hr. Sec. School | 2019-2020 | State Board
- SSLC | 80% | Bharathi Matric Hr. Sec. School | 2017-2018 | State Board

Membership

- Executive Member in ISTE, KEC (2022-2023)

Industrial Visit

- Underwent one day training at “**NESTSOFT SOLUTIONS**” on 28th April 2022.
- Underwent one day training at ‘**SOFTRONICS**’ on 3rd November 2022.
